

REAL WORLD SOLUTIONS

Is your customer looking for:

World Record Transaction Processing Power

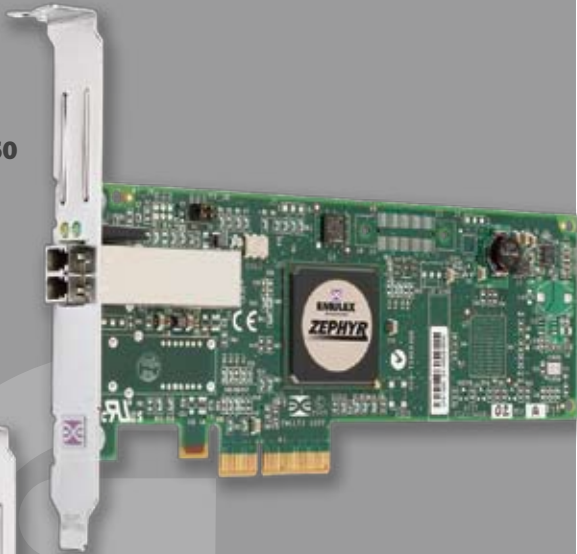

Maximum Bandwidth Performance

Interoperability – widely tested and approved

Robust Features – large data buffer, large info context cache, superior CPU offload

Ease of SAN Management – firmware-upgradeable, driver compatibility, high availability and upgrades

LPe1150

LP11002

LP1050

HDS Qualified

Fibre Channel Host Bus Adapters

WHY EMULEX!

4 Gb/s and 2 Gb/s HBA offerings

Driver independent firmware upgrades

- Protect hardware investment
- Avoid technical obsolescence
- Upgrade without reboot
- Minimize system downtime for maintenance

Driver compatibility across all HBA generations

HDS Interoperability Support Matrix qualified for Windows, Linux and Solaris operating systems

Largest on-board memory – Provides unsurpassed performance, flexibility and scalability in complex SANs

Mid-range and Enterprise HBAs – for superior price-performance mix with unmatched features

White papers, benchmarks and product information online at:
